

REMARKS

Claims 1-29 are canceled.

New claims 30-39 have been added, and are pending in the application. Examination of claims 30-39 is requested. Consideration of the application as amended is requested.

Fig. 6 is submitted herewith in response to the items noted in the Notice to File Missing Parts dated April 23, 2001 in parent application, Serial No. 09/810,933. Fig. 6 brings the drawing and the specification into mutual conformance and further is responsive to the issues noted in the documents referenced hereinabove. Conformance of the drawing and specification is permitted and does not comprise new matter.

Fig. 6 is supported at least by text appearing at p. 6 of the specification as originally filed and the substitute specification (in a section captioned Detailed Description) through p. 22 of the specification as originally filed (see esp. pp. 6 and 21-22) and through p. 23 of the substitute specification. No new matter is introduced by new Fig. 6 (see MPEP §2163.06, stating, inter alia, that "Stated another way, information contained in any one of the specification, claims or drawings of the application as filed may be added to any other part of the application without introducing new matter."). The Examiner's approval of the revised drawing is requested.

The undersigned is available for telephone consultation at any time.

Respectfully submitted,
